## FREE RECLINING CHAIR CARS.

## "The Henderson Route"—Always First

The traveling public will be pleased to learn of the latest innovation in the way of comfort in travel for its patrons which is now being offered by that most popular railroad, the "Henderson Route," which road has been rightly termed the "Kentuckian's Official Route to the West and Southwest."

It has just been announced from the general office of the Louisville, Henderson & St. Louis Railway that they now have in service on their night trains between Louisville and St. Louis, Free Reclining Chair Cars, which have just been received from the shops and are a revelation in the car builder's art.

The cars are strictly up-to-date, first-class "palaces of travel" on wheels, and this is only one of the many surprises which are promised the public for the World's Fair travel by the Henderson Route.

Among other advantages offered in these highly finished cars, a few of the most important points only are mentioned:

They are solidly vestibuled and are furnished with sixty-four reclining chairs, which are upholstered in beautiful green plush, in addition to smoking and toilet rooms, the smoking rooms being finished throughout in leather. They are also fitted up with triple trucks, which feature will do away with the jerk, jar and strain incident to travel in the ordinary railway coach, and insures a smooth, comfortable ride. This should prove more than a popular feature in train service to the traveling public, and you can only suggest that in traveling you "get the Henderson Route" habit.
